Hi Mani,

You know the song, the one that says it's the most wonderful time of the year. Well, there is something to it. This current year coming to a close, celebration of Christmas and other Faith Driven Holiday Celebrations, all mean different things to different people, but always represent joy, peace, gratitude and hopefulness.

If you look around during this holiday season, you will notice an intensified spirit of 'giving', unlike other times of the year. Why can't it be that way everyday of every year? I think it can, if we all make the much needed effort. Here is what we will do with your help in spreading the message.

Many home owners are unable to enjoy this holiday season and experience joy, peace, gratitude and hopefulness. They feel trapped in their current homes unable to give themselves their much desired Christmas gift - a NEW place to call home (see inside for details).

My Treat: As a result of working with lots of families over a 10-year time span, we have developed a special program to help home sellers and homebuyers. We will guarantee the sale of their present home at a price agreeable to them and in the unlikely event their home does not sell, we'll buy it. I am here to help!
